

OUR RANGE OF NATURAL FLAVOURS WITH SMOKE TASTE

- The smoke signature is an **essential note** of the savoury category.
- It is in fact used in a **wide range of finished products** such as meat and fish products as well as sauces and snacks.
- The smoke signature is a **unique flavour combining diverse culinary characteristics** such as woody, meaty, spicy notes which provide every day products a complex, cooked and authentic flavour that consumers are looking for.
- The smoky note is also synonymous with **comfort and home-made** since it is associated with cooking with fire wood.

A natural aromatic range

Resulting of the combination of two major trends, naturalness and authenticity, our collection of natural flavours with smoke taste allows to enhance flavours and / or provide a unique smoke signature while maintaining a «natural flavour» labelling.
